Green Generation Solutions Names Brad Bolino as SVP Operations; Construction Executive to Help Manage Firm's Rapid Growth

BETHESDA, MD (February 13, 2017) – [Green Generation Solutions, LLC](#) (GreenGen), a DC region-based company experienced in engineering and implementing energy efficiency plans in commercial properties, has promoted Bradlee Bolino to Senior Vice President of Operations from Senior Advisor. In this role, Bolino will manage processes and procedures to execute GreenGen's projects efficiently and effectively from design to implementation.

"Brad's leadership skills and business acumen will help us manage and take advantage of our firm's rapid growth. We pride ourselves on delivering well-executed energy efficiency plans that add value to our customers' bottom line. Brad will ensure our operations can continue to support an exceptional customer experience and position us for further growth," explained Brad Dockser, CEO, GreenGen.

Since its inception five years ago, GreenGen's annual revenues have grown in excess of 1,000 percent and staff has more than doubled, as the firm has expanded globally, opening offices in London and Tokyo. Recognizing the growth, GreenGen was recently included on the Inc. 5000 (#380) list of the nation's fastest-growing private companies and on the Washington Business Journal's list of 50 Fastest Growing Companies (#11).

For the past year, Bolino held the position of senior advisor, helping to develop and apply project procedures and related forms and documents. In this newly created position, Bolino is part of the executive team and charged with developing processes that support the firm's continued success. In this new role, Bolino oversees GreenGen's implementation processes and workflow to ensure smooth project execution for clients, which include commercial, industrial, healthcare, hospitality, and governmental facilities and entities around the world.

Prior to joining GreenGen last year, Bolino was the founding principal and president of the Mechanical Services Division of The Kirlin Group, one of the nation's leading privately held construction companies. He spent 35 years in the building design, construction, and operation and maintenance industry. Bolino is a past president of the Mechanical Contractors Association of Metro Washington, past chairman of the Washington Building Congress, past chairman of the Mechanical Service Contractors of America, chairman of the Independent Contractors Exchange Group Board, and Executive Committee member of Our Lady of Good Counsel High School.
